The club is based in the Community Room and is open Monday to Friday 3.15 – 6.00pm catering for children 4 to 11 years old.

Dear Parents,

### Places for Children.

There are still some places available Monday to Friday for children. The one off or occasional group of sessions can also be catered for. Registration packs are available from the Play Leader or from the school office.

### What is available

After arriving at the club in the community room where the club is based the children 'chill out' with books, colouring or talking to their friends while their food is prepared. The children have a healthy snack with fresh fruit and a drink and eat together around a large table. They can then choose from a selection of activities including a variety of games, toys, Lego, art and crafts or simply enjoy the outside play areas with sport equipment, bikes or working in our garden for the rest of their stay.

### Welcome

A big welcome to the clubs new Play worker Mrs Angela Swanwick and to the children from Clinton's new Reception class who are Holly, Mia, Dominic, Jack and Robbie.

### EYFS

The Early Years Foundation Stage (EYFS) was introduced for schools and carers this month and the Sunflower Kids Club will follow the EYFS via our various activities taking photographs; you have given us permission to take, to highlight the five areas of the EYFS

- A Unique Child
- Positive Relationships
- Enabling Environments
- Learning and Development.

The photographs will be used for display in and around the club. Please see the poster on the club wall for more information.

### Sunflower Growing and Sponsorship

Thank you to all of you who sponsored the children's growing of sunflowers. We raised £170.00 which has been split equally between the Greenfingers charity appeal and the Sunflower Kids club.

We will be buying some bug boxes to add to the children's garden area with some of our money. The Greenfingers Appeal is the charity of the gardening industry and is currently dedicated to the creation and improvement of the gardens at UK Children's Hospices
