COVID

We've had a steady stream of cases recently, but it does seem to be on the rise, unfortunately. A teacher in Year 2 has come down with it and there are a few other staff who know they are close contacts of her and others. Please do be vigilant with illness, and have children take lateral flow tests. Whilst there's a lot of hay fever around, there aren't many colds / other illnesses. The rule is still the same, that if they test positive, then that is day zero, with them able to come back on day 3. It

would be good to keep numbers down as we head towards the summer holiday period!

YEAR 4 TABLES CHECK

Year 4 have completed a tables check on ipads this afternoon, all of them trying really hard with it! We made it very low key and we'll let you know how they got on when we know more!

SCHOOL HEALTH SUMMER HOLIDAY BOOKLET

Please click [HERE](#) for a booklet which contains health & wellbeing advice, safety information, fun activities and resources aimed to help families keep healthy, safe and entertained over the summer holidays.

QUEEN'S PLATINUM JUBILEE BOOK

To celebrate the platinum jubilee, all primary school children across the country will receive a free commemorative book that celebrates the achievements of the United Kingdom and Commonwealth over the last 70 years. We have one book per family at the moment and these will be distributed in the next few days – when the remainder arrive they will be given out too!
